

Statement by Ronald Lanier

Of course it is your business and I don't mind telling you. It's just that, right now, I have not made any definite decisions about retirement. I would, however, like to seek reappointment this winter when the new Governor is in place. I will indeed be at the Conference, so if you wish for me to address the business session and explain what I have just shared with you, I will be glad to do so. Either day is fine with me. Looking forward to the Conference!
