

Message from 2007 VAD Conference Chairman, Ben Harucki

Dear Conference Attendees,

We are excited to announce that we had 155 attendees at our 2007 VAD Conference in Williamsburg. This is something for us to have unforgotten memories we had a blast time and ran a smooth conference.

As our conference theme VAD: Vision for the Future, I would like each of you to notify our VAD officers and/or VAD Board members what you would like to see at our next 2009 VAD Conference.

It's a really countless thanks from the bottom of our hearts to you and we are really grateful that we were able to provide our conference to you at maximum class that you already received it.

Warmest Regards,

Ben Harucki and 2007 VAD/HRCVAD Conference committee
